

## **KPMG acquires Triad Technology Partners' ServiceNow Professional Services Organization**

**RESTON, VA – April 21, 2015** – [Triad Technology Partners](#), a leading provider of Innovative Cloud Solutions for Enterprise IT, based in Reston, Virginia is pleased to announce the acquisition of its ServiceNow Professional Services Practice by – [KPMG LLP](#), the U.S. audit, tax and advisory firm, today. Triad's ServiceNow team will join KPMG's CIO Advisory practice.

Triad has been a leader in delivering IT Service Management solutions to the Public Sector since 2009. Triad specializes in providing ServiceNow full life cycle implementation services: including end-to-end planning and design, ITIL best practice process workshops, TriadLabs Accelerators, robust integrations, and customized training.

*"As a leading ServiceNow Federal Partner, we are thrilled to be joining forces with this world-class organization, and truly appreciate that Triad's ServiceNow expertise and leadership in the Public Sector has been recognized,"* says Triad CEO and Founder, Bridget Dunnington.

Triad has successfully delivered on more than 80 Public Sector and Commercial customer engagements, and counts Defense, Civilian and Intelligence Enterprise Agencies and Fortune 500 clients as valued customers.

*"The acquisition of our ServiceNow Services practice by the recognized Global Leader and #1 ServiceNow Partner, KPMG, represents an incredible opportunity for our current customers and the ServiceNow Public Sector market at large. With the Triad team as the cornerstone of KPMG's Federal Advisory practice, the combined strengths of Triad and KPMG will deliver powerful returns for Triad's clients and specifically, the Federal and Intelligence communities"* says Dunnington.

General Manager, Brian Jewett notes:

*"Triad ITSM Consulting has delivered exceptional projects with the ServiceNow platform for six years. This acquisition enables Triad to expand our reach and breadth through KPMG's extensive investments and global team. We are excited to join KPMG and be the nucleus for their Public Sector ServiceNow practice."*

This acquisition is expected to extend the ServiceNow offerings currently available to Public Sector clients, augmenting Triad's high-level customer experience with KPMG's global reach and extensive investments around the ServiceNow platform. Eric Sabatella, Executive Director of Triad Services, believes that *"Triad's track record in the Federal space is unmatched, and by combining our experience with KPMG's resources, we will achieve the next evolutionary step in ServiceNow services delivery."*

Triad will continue to sell ServiceNow software subscriptions as an authorized ServiceNow reseller. Additionally, Triad is an IBM Premier Partner and is certified to sell all IBM software brands. Triad is also a GSA Schedule holder for Tableau Software, MobileIron, Huddle, Sqrrl, BlueStripe, and MapR.
