Price Notes					
For pricing of TRM RulesManager SE Secondary/Mobile Users, 2 Secondary/Mobile Users are equal to 1 Primary User. Examples: Price for 100 Primary Users + 200 Secondary Users will be the same as the price for 100+(200/2) primary users, i.e. \$52000+\$100*100= \$62000 ; Price for 500 primary users + 1000 secondary users will be the same as price for 1000 primary users, i.e. \$85,000
